Education

Degree/Certificate	Institute/Board	CGPA/Percentage	Year	
B.Tech. (CSE)	Indian Institute of Information Technology, Nagpur	6.2	2020-2024	
Senior Secondary	MPBSE Board	89.0%	2018	
Secondary	MPBSE Board	92.66%	2016	

TECHNICAL SKILLS

Languages: C/C++, HTML, CSS, Javascript, Solidity, Python, PHP

Technologies/Frameworks: ReactJS, NextJS, NodeJS, EtherJS, HyperLedger, MetaMask, Hardhat-Truffle, Ethereum/Polygon Blockchain

Developer Tools: Git/Github, Linux, Windows, VS Code, Android Studio, Remix-IDE

Soft Skills: Time Management, Decision Making, Communication, Multitasking

MAJOR PROJECTS

Web3-CrowdFunding-dApp 🔗 || [NextJs, Solidity, Etherjs, Hardhat, Polygon, IPFS](#) **April 2022**

- **About project**- Built a Decentralised Application where user can come and create a campaign for taking funding directly from public.
- **Learnings** - I learnt how to connect our smart-contract with our Front-end using Hardhat, Etherjs and Metamask with Polygon Blockchain
- [Demo](#)

Defi-Exchange-dApp 🔗 || [NextJs, Solidity, CSS, Etherjs, Hardhat, Ethereum](#) **July 2022**

- **About project**- Built a Decentralised Application Where when user adds liquidity in Ether, they are given Crypto Dev LP tokens (Liquidity Provider tokens) proportional to the Ether.
- **Learnings** - how to provide Liquidity on a Defi exchange and swap Ether Token with a different Token
- [Demo](#)

Decentralised DAO Project 🔗 || [NextJs, Solidity, CSS, Etherjs, Hardhat, Ethereum](#) **June 2022**

- **About Project**- Built a Decentralised application where a DAO member with DAO Token Holder can create a proposal to buy an NFT
- [Demo](#)

CryptoCurrency Tracking Website 🔗 || [Reactjs, Material-UI, Firebase, CoinGecko-api](#) **January 2022**

- **About Project**- Built a website where we can find live pricing of Cryptocurrency Tokens like Bitcoin, Ethereum etc. by using CoinGecko-api.
- [Demo](#)

MINOR PROJECTS

Petrol Pump Management System 🔗 || [Python, Numpy, Panda, Matplotlib](#) **October 2021**

Tours and Travel Agency Website 🔗 || [HTML/CSS, JavaScript, PHP, MySQL, XAMPP](#) **December 2021**

COURSEWORK

- Data Structures & Algorithms
- Operating Systems
- Database Management System (DBMS)
- Cloud Computing
- Object Oriented Programming

Hobbies And Interest

Reading, Fintech, Technology, World Affairs, Cricket, Fitness
